Sitelok Dynamic Content Login Plugin

Sitelok Dynamic Content Login Plugin

Contents

Chapter 1 Introduction

What is the Dynamic Content Login plugin?

The Sitelok Dynamic Content Login plugin allows a single sign-on (SSO) between Sitelok and the Dynamic Content stacks (previously called EasyDB) from Stack-Its (https://www.stack-its.com). This allows members belonging to specific usergroups to login once for both Sitelok and Dynamic Contents.

Chapter 2 Installation

Installing for the first time or upgrading

1) Extract the contents of the zip file to your PC.
2) Upload the plugin_easydb folder to your existing Sitelok slpw folder using FTP. There are no special permissions required on most servers.
3) Login to the Sitelok control panel.
4) Open the following URL in the browser

   https://www.yoursite.com/slpw/plugin_easydb/install.php

   which will start the installation process. If all is well you will be taken to the plugin preferences page where you will see the plugin listed.

If you have any problems with installation please let us know so that we can help you.

Setting up the plugin

You can access the plugin configuration by selecting Dynamic Content Login from the Plugins menu.

Here you can define which usergroups should be logged in automatically to Dynamic Content. By default members of ADMIN have access but you can set any usergroups required.

Disabling the Plugin

To disable the Dynamic Content Login plugin select **Plugin Preferences** in the **Plugin** menu option of Sitelok. Uncheck the enable box for the plugin and click the **Save** button.

You can enable it again in the same way.

Uninstalling the plugin

To permanently remove the plugin and its settings follow these steps.

1) Disable the plugin as above.
2) Click the delete icon next the plugin in the disabled plugins section.
3) Confirm the action in the alert box.

If the plugin is uninstalled successfully you will be returned to the plugin preferences page.

Chapter 3 Support

Hopefully if you have followed this manual carefully everything will be working fine. However sometimes things don't go quite so smoothly so if you have any questions or problems then please check the FAQ on the support page or email us.
